# 8' Air Blown Santa Review

## Big Air Blown Santa Claus

It just doesn't feel like Christmas until those fun, outdoor decorations start to pop up around the neighborhood. And this holiday season, none other than Chris Cringle himself can hang around your house for weeks, when you buy the [Air Blown Santa Claus](#).

This year it looks like Santa has been eating a lot of those cookies, though, because this blow-up Santa decoration stands an amazing 8 feet tall. Talk about a growth spurt...

If you're like me and love to decorate in and around the home for Christmas time, this is one outdoor decoration that you'll want to find out more about. With that in mind – helping you to decide whether or not this is the air blown Santa for your yard – I've done a fair bit of research on this decoration.

I've put all the details together for you here in this Inflatable Santa Claus review. So read on to find out more about everybody's favorite Christmas character as a cute, inflatable outdoor decoration.

### Easy to Inflate

One of the nicest things about this huge Air Blown Santa Claus, is the fact that you don't have to have a lot of know-how or work too hard to get this Santa inflated and set up in your yard. You see, this Santa yard decoration includes a built-in blower. All you have to do is pick out a nice spot in the yard, plug this decoration in and let the blower do all the hard work for you.

All in all it only takes a few minutes for jolly old St. Nick to reach his full size of an impressive 8 feet tall. Hey, we all like it when things are simple; especially around the holidays, right? Well, getting this Christmas decoration set up in your yard is as simple as it gets.

### Lights Up

The **Air Blown Santa Claus** doesn't just look good during the daytime, either. This **blow-up Santa Claus** also includes built-in lights too. The bright light is inside to help illuminate Santa from the inside out. When the sun goes down and you plug this inflatable Santa in, he'll instantly light up and inflate at the same time.

With the light glaring away, it will be impossible for any of your neighbors to not take notice of this attractive, festive holiday yard decoration.

### 8' Inflatable Santa by Gemmy Industries: Product Details

- 8 Feet tall and large enough to be seen by everyone who walks or drives by your home.

- Comes with a built in air blower that fills the Santa decoration up in just a few minutes.
- Built from tough, weather-resistant fabric to withstand harsh winter conditions.
- Comes with stakes and tie downs to keep Santa from taking off during windy weather.
- Weighs in at only 5 pounds.
- Easy to deflate and store away until next Christmas.

One thing you'll certainly notice about this inflatable Santa decoration is how nice the details are. Santa, of course, is wearing his signature Christmas duds – the red suit, the hat, boots and cute little green mittens.

He's also holding a Christmas tree star and waving invitingly to anyone and everyone who passes by your home this holiday season. He looks just like the Santa Claus from those old, holiday animated movies, and will be a welcome sight to kids of all ages when they come to your house this winter.

## Santa Has His Ups and Downs

I don't want to give you the impression that the [8' Air Blown Santa Claus](#) is absolutely perfect. We all know that there are pros and cons to every holiday decoration.

In order to create a balanced inflatable Santa Clause review, and to help you decide whether or not this Santa would be a good fit for your yard this holiday season, here are the pros and cons for you to consider.

### Pros

- *Made with cute details. This inflatable Santa looks like a classic, cartoon rendering of St. Nick himself.*
- *The built in blower fills Santa up in just a few minutes for an easy set up in your yard.*
- *The built-in light makes this decoration a sight to see, whether it's day or night.*
